Dear Mr Guccione:

The Village Voice's 7/26/73 reporting of your stalwart defense of the First Amendment against the powers of the Nixon Administration places Penthouse in a commendable position - and a very brave one, also. Your acute remarks on the J.F.K. Assassination and Watergate jogged my memory to F.B.I. Reports that I read before Watergate re: F.B.I. Questions of connected Watergate Suspects Frank Sturgis, on F.B.I. Report on a Watergate figure who predicted the Assassination in advance, a signed autopsy document which completely contravenes The Warren Report -- This data - and other F.B.I. Reports - are in the possession of author and former Senate Investigator, Mr Harold Weisberg Rural Route 8, Frederick, Maryland 21701. Phone: 301-473-8186.

I think this individual can aid your investigations.

Sincerely
Edward Williams
